DETAILED ACTION

This office action is in response to applicants' communication filed on 3/3/05.

Claims 1, 10-11, 16-18, 35-38, 40-41 and 43 and newly added claims 44-52 are pending in this application. Claims 36-38 and 40-41 stand withdrawn, being drawn to the non-elected invention, and the restriction requirement is made FINAL.

Rejection of claims 1, 10-11, 16-18, 35 and 43, under 35 USC 112, second paragraph is hereby withdrawn subsequent to applicants' amendments.

Rejection of claims 1, 10-11, 16-18 and 43 under 35 USC 102(e) and 35 USC 103 over WO 01/78648, are hereby withdrawn subsequent to applicants' amendments and arguments.

Information Disclosure Statement

1. The information disclosure statement (IDS) submitted on 3/3/05 is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

Double Patenting

2. Claims 1, 10-11, 16-18, 35 and 43 are again provisionally rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-17 of copending Application No. 10/197,918. Likewise, newly added claims 44-52 are provisionally rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-17 of copending Application No. 10/197,918, for the same reasons as applied to claims 1, 10-11, 16-18, 35 and 43, in the office action of 12/2/04. Although the conflicting claims are

not identical, they are not patentably distinct from each other because as set forth in the office action of 12/2/04, all the variables in the instant claims extensively overlap those in the above patent application, and one of ordinary skill in the art would have made the compounds within the generic structure of the above patent application, with the reasonable expectation of achieving a successful composition, absent evidence to the contrary.

This is a provisional obviousness-type double patenting rejection because the conflicting claims have not in fact been patented.

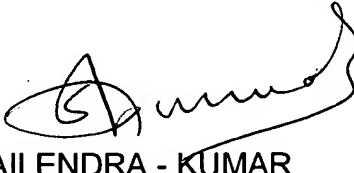

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
